| Target version: | | Affected version: | |
| Resolution: | No feedback | | |
| Description | | | |
| Date and Month is misplaced it's order from dd/mm/yyyy to mm/dd/yyyy for Due Date field everytime issue is updated. | | | |
| I am using Redmine version 2.3, Ruby 1.9 and Rail 2.3.13 | | | |
| Everytime i go and update an issue, the date and month is changing, there should be a javascript is running behind that changing the date format from dd/mm to mm/dd. pls let me know if u are facing the same issue | | | |

Hi Daniel, thanks a lot for prompt reply. Below is my en.yml file

```
date:
  formats:
    default: "%d/%m/%Y"
    short: "%b %d"
    long: "%B %d, %Y"

day_names: [Sunday, Monday, Tuesday, Wednesday, Thursday, Friday, Saturday]
abbr_day_names: [Sun, Mon, Tue, Wed, Thu, Fri, Sat]

month_names: [~, January, February, March, April, May, June, July, August, September, October, November, December]
abbr_month_names: [~, Jan, Feb, Mar, Apr, May, Jun, Jul, Aug, Sep, Oct, Nov, Dec]

order:
  - :day
  - :month
  - :year

time:
  formats:
    default: "%d/%m/%Y %I:%M%p"
    time: "%I:%M %p"
    short: "%d %b %H:%M"
    long: "%B %d, %Y %H:%M"
  am: "am"
  pm: "pm"
  ....
```

- *Status changed from New to Needs feedback*

Could you post a screenshot of the issue update form? And do you have any plugins?
