

Redmine - Defect #13995

Custom Field (User) - Changes were not correct journalized

2013-05-07 13:28 - Martin G

Status:	Resolved	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Custom fields	Estimated time:	0.00 hour
Target version:		Affected version:	2.2.4
Resolution:			
Description			
<p>I have a custom field of type "user" with multiple values and I create a new issue with some selected users. During a change of the issue I delete some selected users and this action were not journalized. The only change that i see is when I add some additional users.</p> <p>See also the attached screenshot.</p>			

History

#1 - 2013-05-31 03:04 - Ben Chan

+1 that I've got same issue on redmine-2.1

#2 - 2016-10-14 09:01 - Martin G

- Status changed from New to Resolved

It seems that this problem was resolved with version 2.5.0
