

Redmine - Defect #140

<<me>> doesn't appear in the filter drop down for issues in a project

2007-11-04 21:38 - Chris Brent

Status:	Closed	Start date:	
Priority:	Normal	Due date:

Category:		Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:			
Description			
If I got to my page and click "see all issues" I can see the filter that is applied is something like "Show all open issues assigned to <<me>>" However I can't use that filer if I go to a project then the issues tab then filter. When I add assigned to there's only a list of users. Having <<me>> means you can save custom filter for all users to use. It was like this in an old release but seems to have disapeared.
