Daniel: in such cases you can add your patch directly to the original issue I think, unless an other contributor told you not to do so maybe ? The "Patch" tracker is mainly here for technical contribution that is not related to a feature or defect I think. Let me know what you think.

#2 - 2013-05-09 10:53 - Daniel Felix

Okay. I wasn't sure if this would be better, but well it would be okay. :-)

Best regards,
Daniel
