Target version:	0.7.2			

Description

lib/SVG/Graph/Graph.rb has a bug. When the stylesheets of generated SVGs is externalized, for example
graph.style_sheet = '/stylesheets/graph.css'
at RepositoryController#graph_commits_per_author,
graph object raises an exception.

This is because typo. The attached patch solves this problem.

Associated revisions

Revision 1524 - 2008-06-09 22:05 - Jean-Philippe Lang

Fixed: SVG::Graph raises an error when using external stylesheet (#1402).
