Description

This issue is a branch from [#13949](#13949)

Given Setting page /settings
And set "Maximum Attachment Size" to **0 meaning unlimited**
When I visit issue create page /projects/projectname/issues/new
And choose any arbitrary big file
And key-in any other required fields
And click "create" button
Then progress the file is uploaded

+1

#2 - 2024-01-21 10:22 - Go MAEDA

Since some users set 0 in order to prohibit file uploads, I think we should not change the behavior of 0.

#3 - 2024-08-22 11:02 - Go MAEDA

- Status changed from New to Closed

- Resolution set to Wont fix

As already discussed in [#13949](#13949), setting a very large value for "Maximum attachment size" can effectively make the attachment size unlimited. I don't think it's necessary to add a special option to make the attachment size unlimited.
