

Redmine - Defect #14087

redmine git repository does not reflect git updates

2013-05-19 07:31 - pee pee

Status:	New	Start date:													
Priority:	Normal	Due date:													
Assignee:		% Done:	0%												
Category:	SCM	Estimated time:	0.00 hour												
Target version:		Affected version:	2.2.4												
Resolution:															
Description															
<p>Hi,</p> <p>I have a bare git repository linked to redmine. It worked well until recently. Now it does not show the latest commits (it stays stucked at a commit on 17 may). If I run git log , it shows that the repository is up to date, so the problem is not in git but in redmine. It seems related to Defect #8049 Any solutions for this?</p> <p>Thanks!</p> <p>my info:</p> <p>Environment:</p> <table><tr><td>Redmine version</td><td>2.2.2.stable</td></tr><tr><td>Ruby version</td><td>1.8.7 (i686-linux)</td></tr><tr><td>Rails version</td><td>3.2.11</td></tr><tr><td>Environment</td><td>production</td></tr><tr><td>Database adapter</td><td>MySQL</td></tr></table> <p>Redmine plugins:</p> <table><tr><td>clipboard_image_paste</td><td>1.6a</td></tr></table>				Redmine version	2.2.2.stable	Ruby version	1.8.7 (i686-linux)	Rails version	3.2.11	Environment	production	Database adapter	MySQL	clipboard_image_paste	1.6a
Redmine version	2.2.2.stable														
Ruby version	1.8.7 (i686-linux)														
Rails version	3.2.11														
Environment	production														
Database adapter	MySQL														
clipboard_image_paste	1.6a
