Category:	Time tracking		**Estimated time:**	0.00 hour
Target version:				
Resolution:	Duplicate		**Affected version:**	2.3.1

Description

Since the last version of Redmine it is possible to add custom fields of a Log Time entry in the Spent Time report, which is very cool by the way :-). If I want to sort by this custom field, then it causes an "Internal Error". Here the URL, which is called by the sorting Link:
