

Redmine - Defect #1438

File upload Error -> redmine on mod\_rails

2008-06-12 20:21 - doug schlenker

<b>Status:</b>	Closed	<b>Start date:</b>	2008-06-12
<b>Priority:</b>	Low	<b>Due date:</b>	
<b>Assignee:</b>		<b>% Done:</b>	0%
<b>Category:</b>		<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>		<b>Affected version:</b>	
<b>Resolution:</b>	Fixed		

**Description**

Switched redmine over to use mod\_rails, had same /tmp/ permission issue as other submitter.

Discovered that uploading files causes a file permission error. Had to chmod the /files/ directory to make it happy. Should update documentation for mod\_rails users.

History

#1 - 2008-06-12 22:10 - Lane Roathe

Could you share the chmod you needed to do? I'm looking into switching over to mod\_rails as well, as we continue to have difficulty with configuring mongrel correctly. (We are much more familiar with Apache).

thanks!

#2 - 2008-06-13 19:09 - doug schlenker

Unfortunately I had to do chmod 0777 files/ to get it to work. Our redmine is in a private location however I'm not happy having it set to that.

#3 - 2008-06-15 12:04 - Jean-Philippe Lang

- Status changed from New to Closed
- Resolution set to Fixed

"Setting up permissions" added in [RedmineInstall](#).
