

Redmine - Feature #1447

Resource management

2008-06-14 00:03 - Yanoksy Durañona Yero

Status:	Closed	Start date:	2008-06-13
Priority:	High	Due date:	
Assignee:	Jean-Philippe Lang	% Done:	0%
Category:	Projects	Estimated time:	0.00 hour
Target version:			
Resolution:	Duplicate		
Description It would be great if possible for the users to fill by themselves their custom fields and for the project manager to access this information. It is also very useful and important for project managers to see the user that are involved in a specific project, who have issues assigned and who don't.			
Related issues:			
Related to Redmine - Feature #242: Allow user to edit own custom fields + use...		New	
Is duplicate of Redmine - Feature #1332: User display/editing of custom field...		Closed	2008-05-30

History

#1 - 2008-06-20 20:44 - Carl Nygard

Go to the main Issues page, click on 'Summary' in the sidebar. This shows you the issues information summarized in a variety of ways, one of which is on a per-user basis. Click on the numbers for each person and you'll see a list of the related issues.

See [here](#)

#2 - 2008-06-20 22:57 - Yanoksy Durañona Yero

That is not suitable for multiple projects environments. (*see the user that are involved in a specific project, who have issues assigned and who don't*). This is at application level, not only inside a project.

#3 - 2008-08-13 15:44 - Thomas Lecavelier

- Target version deleted (0.8)

The target version field has to be set when it will **actually** part of the target release.

#4 - 2009-01-17 12:18 - Jean-Philippe Lang

- Status changed from New to Closed

- Resolution set to Duplicate

It would be great if possible for the users to fill by themselves their custom fields

Done in [r2276](#).

and for the project manager to access this information

Custom field are displayed on the user's page (eg: account/show/1).
