Description			
hi~ i found a bug of localization. the title of issues list don't localize at project/issues menu. i use the ko option but the title of list display in english. i think (it is not sure) that QueryCustomFieldColumn class is added in model/query.rb file and caption is overwritten at line 44. cheer~

Hi,
The problem was not exactly at line 44, but it's fixed in [r906](#).

Thanks
