#### History

##### #1 - 2013-08-14 02:22 - Craig Rodrigues

This is a duplicate of [#14590](#) which I reported.

I submitted a whole bunch of fixes recently to fix migrate\_from\_trac.rake .

Until the Redmine developers incorporate the patches, you should get the version from:

[https://github.com/rodrigo/redmine/blob/master/lib/tasks/migrate\\_from\\_trac.rake](https://github.com/rodrigo/redmine/blob/master/lib/tasks/migrate_from_trac.rake)

and replace that file in your tree, and re-run the import.

Jack, can you confirm if this is indeed a duplicate by applying the patch of Craig posted in [#14590](#) and trying the import again?

##### #3 - 2013-08-14 08:49 - Jack Reacher

Yes, I confirm.

##### #4 - 2013-08-14 10:24 - Etienne Massip

- Related to Defect #14590: migrate\_from\_trac.rake does not import Trac users, uses too short password added
