**Description**

URL: <http://redmine.rubyforge.org/svn/trunk>  
Repository Root: <http://redmine.rubyforge.org/svn>  
Repository UUID: e93f8b46-1217-0410-a6f0-8f06a7374b81  
Revision: 916

When adding data.zip as a file to the project the file is never saved.

I can upload data.zip as a document and it is available.

Not sure what's going on here.  
data.zip on Issue - OK  
data.zip on Documents - OK  
data.zip on Files - FAIL

Thanks

Hi, files are related to project versions.  
Do you have defined some versions for the project (in project settings -> versions) ? Do you see them in the drop down list when adding a file ?

#2 - 2007-11-19 17:28 - Nicholas Orr

I see now...

No I don't have versions defined and I think I was going to use the "Files" for the wrong thing.

I just need to upload some csv files that are need to create some things - Think it needs to be added as a issue :)

Thanks
