Redmine - Defect #14815

time estimate should affect due date for gantt charts

2013-09-02 16:07 - Peter Volkov

Status:	Closed		**Start date:**	
Priority:	Normal		**Due date:**	
Assignee:			**% Done:**	0%
Category:	Gantt		**Estimated time:**	0.00 hour
Target version:				
Resolution:	Duplicate		**Affected version:**	2.3.2

Description

Two problems that make gantt charts quite useless in our case:

1. The Gantt chart does not appear to use issue duration to establish the task's end date.
2. The tasks appear in sequence if I add relationships but the Gantt durations is always one day.

Reported long time ago on board, but I failed to find such issue:
