

# Redmine - Patch #1507

## Dynamic project selector

2008-06-20 13:28 - Michael Pirogov

<b>Target version:</b>			

### Description

Dirty and ugly hack to make project selector *do not* jump on project root, but on current action.

```

+
+      <% end %>
    <% end %>
  <% end %>
<% end %>
</select>
```

On nil destination action there is 403 status. You can disable this by next nasty hack:

```

#### History

#1 - 2008-06-22 17:09 - Jean-Philippe Lang

On nil destination action there is 403 status. You can disable this by next nasty hack [...]

This hack generates infinite redirections when a user requests a project he is not authorized to view.

#2 - 2008-06-22 19:13 - Michael Pirogov

OK. It's officially unsupported and not recommended ;-)

#3 - 2008-12-30 15:24 - Jean-Philippe Lang

- Status changed from New to Closed

Feature added in [r2210](#).
