

## Redmine - Defect #1516

### Issue loses custom field values

2008-06-23 22:51 - Thomas Löber

<b>Status:</b>	Closed	<b>Start date:</b>	2008-06-23
<b>Priority:</b>	High	<b>Due date:</b>	
<b>Assignee:</b>		<b>% Done:</b>	0%
<b>Category:</b>	Custom fields	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>	0.8	<b>Affected version:</b>	
<b>Resolution:</b>	Fixed		
<b>Description</b>			
An issue may lose all its custom field values.			
Steps to reproduce:			
<ol style="list-style-type: none"><li>1. create one required and one non-required issue custom field</li><li>2. create a tracker that uses these two custom fields</li><li>3. create a new issue using the tracker and enter values into both custom fields</li><li>4. when the issue is shown click on update</li><li>5. with (for example) "Firefox DOM Inspector" remove the required custom field from the DOM</li><li>6. submit the form</li><li>7. error message "&lt;&lt;custom field&gt;&gt; can't be blank" appears (which is correct)</li><li>8. enter the ticket id in the search field to reload the page</li></ol>			
Result:			
<ol style="list-style-type: none"><li>1. the issue's custom fields are blank (and no journal details are written)</li></ol>			
Expected Result:			
<ol style="list-style-type: none"><li>1. the issue should not have changed</li></ol>			

## History

### #1 - 2008-06-23 22:55 - Thomas Löber

I did a bit more testing and found out that you don't have to remove the required custom field from the DOM: just leave it empty.

### #2 - 2008-06-25 21:27 - Jean-Philippe Lang

Confirmed. A fix should be committed soon.

### #3 - 2008-06-27 22:15 - Jean-Philippe Lang

- Status changed from New to Closed

- Target version set to 0.8

- Resolution set to Fixed

[r1592](#) should fix this problem.

Now if you do not post custom field in your request, no change is made.

### #4 - 2008-06-28 16:50 - Thomas Löber

Looks good!

Thanks!
