

## Redmine - Feature #15255

### Open images in a lightbox

2013-11-04 11:43 - Robert Schneider

<b>Status:</b> New	<b>Start date:</b>
<b>Priority:</b> Normal	<b>Due date:</b>
<b>Assignee:</b>	<b>% Done:</b> 0%
<b>Category:</b> UI	<b>Estimated time:</b> 0.00 hour
<b>Target version:</b>	
<b>Resolution:</b>	
<b>Description</b> Not a big but a nice feature: open images that belong to tickets in a lightbox like it is in Jira. If possible other files could be opened in a lightbox as well.  If you take this into account, please use a fast technology. I know lightboxes that are rather slow, what is annoying.

There's already a plugin for this, no need to have this in redmine core IMHO.

##### #2 - 2014-01-17 15:10 - Ebrahim Mohammadi

See [http://www.redmine.org/plugins/redmine\\_lightbox](http://www.redmine.org/plugins/redmine_lightbox)

This plugin is dead (last commit is two years ago). And I think all forks of it are also dead...

An alternative is ApiJS but this isn't a lightweight solution for this small thing (and doesn't work on my server - can't edit or delete attachments - don't know why). It's a never ending story for me...

Sorry, but I think it is required to have this in the redmine core.
