Category:	Issues planning	Estimated time:	0.00 hour
Target version:			
Resolution:	Duplicate		

Description

Is there a plugin that can allow the user to enter the number of estimated days to complete an issue ? Now it's only possible to enter number of hours.

I tried this one : https://github.com/spike008t/redmine_advanced_issues

But it doesn't work, there it makes impossible the addition of a new comment to an issue.

Thanks you very much, Vincent.
