

Redmine - Defect #15270

Invalid Plugin

2013-11-06 10:05 - Anonymous

Status:	Closed	Start date:	
Priority:	Low	Due date:	
Assignee:	Jan Niggemann (redmine.org team member)	% Done:	0%
Category:	Website (redmine.org)	Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:	Fixed		
Description http://www.redmine.org/plugins/redmine_auto_percent project does not seem to be active any more, github repo returns 404, might be removed from plugin directory			

History

#1 - 2013-11-06 10:34 - Gurvan Le Dromaguet

Someone cloned it and produced a 2.3 compatible version:

<https://github.com/escline/redmine-auto-percent>

#2 - 2013-11-06 16:26 - Mischa The Evil

- Assignee changed from Jean-Philippe Lang to Jan Niggemann (redmine.org team member)

Thanks for the info.

Jan, can you modify the plugin page accordingly?

Note: this also applies to the Auto Identifier plugin (http://www.redmine.org/plugins/redmine_auto_identifier) by the same author (Wade Womersley), although that one isn't cloned (yet) AFAICS.

#3 - 2013-11-06 17:30 - Jan Niggemann (redmine.org team member)

- Status changed from New to Closed

- Resolution set to Fixed

Updated both plugin pages with new links to GitHub forks and some more information.
