Target version:	2.4.0			
Resolution:	Fixed		**Affected version:**	

Description

Asserted fixes for HTML 5. Part 2.

<align> tag is obsoleted. It is recommended to use CSS instead.
I simply changed

```
<tag align="left|right|center"></tag>
```

into

```
<tag style="text-align: left|right|center;"></tag>
```

everywhere I've found this tag.
