**Description**

if someone defines custom colors for ticket priorities. (css classes priority-highest, priority-5, ...)  
in the tickets view a background color is assignes as defined in custom css.  
in wiki links to the tickets also have this class.

adding the classes to the ticket links inside the activity-view also would be great!

make

```
<a href="/issues/1005#change-8531">Aufgabe #1005 (in bearbeitung): ...
```

to

```
<a class="priority-highest priority-5" href="/issues/1005#change-8531">Aufgabe #1005 (in bearbeitung): ...
