Category:	Time tracking	Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:	Fixed		
Description Revision r1607 Rails: 2.1 Mysql: 4.0 Error: Comment too long Happens when the time tracking module is not active while updating an existing issue, effectivly I cannot update issues anymore on projects with "Time tracking" disabled. This is the validation causing the message: time_entry.rb: validates_length_of :comments, :maximum => 255 I have not found what broke this.

- Status changed from New to Resolved
- Resolution set to Fixed

I couldn't reproduce this problem but [r1608](#) should fix it.
Can you confirm ?

#2 - 2008-07-01 09:45 - Andre Meij

Confirmed, I turned off timetracking and I can log comments again.

Thanks for the quick fix!
