**Description**

When I create new issue, no matter what tracker i chose, created issue has default (for project) tracker.

I don't know ruby, but you need to change

```
#app/controllers/issues_controller.rb:118
@issue.tracker ||= @project.trackers.find(params[:tracker_id] ? params[:tracker_id] : :first)
```

To something like that:

```
@issue.tracker ||= @project.trackers.find(params[:issue] ? params[:issue][:tracker_id] ? params[:issue][:tracker_id] : :first : :first)
```

This change has fixed bug in my working copy.

## Associated revisions

**Revision 1610 - 2008-06-30 19:57 - Jean-Philippe Lang**

Fixed: issues always created with default tracker (#1553).

## History

**#1 - 2008-06-30 19:58 - Jean-Philippe Lang**

*- Status changed from New to Closed*

*- Target version deleted (0.7.2)*

*- Resolution set to Fixed*

This was broken by r1592. It's fixed in r1610.
Thanks for pointing out.
