Description

Can not filter issues with criteria assigned_to equal to an unaffected user who previously worked on the project.

On the picture below, I can not select the user "AY".

The screenshot shows the Redmine 'Demandes' (Issues) page. The filter 'Assigné à' is set to 'égal'. The dropdown menu for 'Assigné à' is open, showing a list of users: '<< moi >>', 'Fa', 'Fa', 'Ma', 'Man', and 'Waf'. A red circle highlights the user 'AY' in the list, indicating it is not selectable. The table below shows a list of issues with columns: '#', 'Tracker', 'Statut', 'Priorité', 'Assigné à', 'Version cible', 'Echéance', 'Temps estimé', and '% réalisé'.

#	Tracker	Statut	Priorité	Assigné à	Version cible	Echéance	Temps estimé	% réalisé
