| Description | |
| Is it possible to make the author-column sortable in source:/trunk/app/views/issues/_list.rhtml ? Right now I only got it to work with author_id, which is not the best solution: in source:/trunk/app/models/query.rb (line 100): QueryColumn.new(:author, :sortable => "#{Issue.table_name}.author_id") | |

Revision 7843 - 2011-11-19 13:47 - Jean-Philippe Lang

Makes author column sortable and groupable on the issue list (#1567).

History

#1 - 2011-04-26 18:01 - Etienne Massip

- Category set to Issues

#2 - 2011-04-26 18:01 - Etienne Massip

- Target version set to Candidate for next major release

#3 - 2011-07-21 13:11 - Jean-Philippe Lang

- Target version changed from Candidate for next major release to 1.3.0

#4 - 2011-10-13 09:27 - Akiko Takano

I hope that author-column not only sortable but also groupable.

Such as:

```
QueryColumn.new(:author, :sortable => "#{Issue.table_name}.author_id", :groupable => true),
```

#5 - 2011-11-19 13:48 - Jean-Philippe Lang

- Subject changed from make author-column sortable to Make author column sortable and groupable

- Status changed from New to Closed

- Assignee set to *Jean-Philippe Lang*
- Resolution set to *Fixed*

Added in r7843.
