

Redmine - Defect #15741

Multiple scrollbars in project selection tree

2013-12-19 12:33 - Michael Heinze

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:	Jean-Philippe Lang	% Done:	0%
Category:	UI	Estimated time:	0.00 hour
Target version:	2.4.2	Affected version:	2.4.1
Resolution:	Fixed		
Description When clicking on Administration -> Trackers -> <click on tracker name> you get to the "Tracker Edit" View. On the right-hand side of the page, you see the list of all projects with this tracker in the "Projects" fieldset/group box (see attachment). Unfortunately, if there are many nested projects in this list, there is a vertical scrollbar for each level (in your case 4!). To improve this, you could simply make the fieldset bigger (= higher) as there is enough space left below it.
