Description			
Hi,			
If it's possible I would like customize help link (top) with user language or an administration option.			
Thanks

I am not sure whether it's generally a good idea to make this configurable for admins in the UI, but if you really want to do it, you can just change line 6 of [source:trunk/lib/redmine/info.rb](https://source.trunk/lib/redmine/info.rb) in your installation.
