Resolution:			

Description

Please add a field for issue categories' descriptions. Often the boundaries of one issue category to another are not well defined (are login issues for the category Website or Security, for an artificial example). Right now we have a Wiki page describing the different categories, but integrated descriptions would be ideal.

History

#1 - 2013-12-31 09:33 - Dotan Cohen

Note that Bugzilla has this feature.

#2 - 2014-01-02 13:45 - Daniel Felix

Well this could be useful. A idea could be to show a question mark which provides the description as a mouseover tooltip.
