Description

when an email is received from a valid user to a closed issue that issue's status is set to the designated "reopen" status. 2 parts

- 1. there is a setting in administration | settings | status | check box for which status is the reopen status. like there currently is a checkbox for "default value" or "closed"
- 2. when a closed issue receives an update via email or the web interface it is set to the "reopen" status designated.
