Really the latest 2.4.2 or a checkout from our trunk?
You can check this via Administration > Info.

SCM:
Subversion   1.6.11
Git   1.7.1
Filesystem
Redmine plugins:
redmine_better_gantt_chart   0.9.0
redmine_rt_custom_field   0.1.1

#3 - 2014-01-24 08:45 - Andrey Ivanov

Addition:

I can delete all projects except the only one.

- Status changed from New to Needs feedback

I don't see any call to #children at app/models/issue.rb:165:in `create_or_update'. Could you try without plugins?

#5 - 2014-02-03 07:58 - Andrey Ivanov

Hi, Jean-Phileppe!

```
I can't delete plugins.
```

The commands:

rake redmine:plugins:migrate NAME=redmine_better_gantt_chart VERSION=0 RAILS_ENV=production
rake redmine:plugins:migrate NAME=redmine_rt_custom_field VERSION=0 RAILS_ENV=production

procced without any error, but both plugins still avialible on the Administration/Plugins...

Regards,
Andrey
