Category:	SCM	Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:	Duplicate		
Description Email addresses are shown in the repositories view, both in commit history as in graph_commits_per_author Even though in the latter there is a comment (# Remove email adress in usernames) that this was intended to happen. This applies to an svn repository, I have not verified others. Affects latest version of repositories controller (2014-01-10)
