

Redmine - Defect #16022

Deprecation warning with incoming emails

2014-02-04 22:54 - Anonymous

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Email receiving	Estimated time:	0.00 hour
Target version:		Affected version:	2.4.0
Resolution:	Fixed		
Description			
By using the rake task as a cronjob to receive mails from an imap server I get this warning			
<pre>[deprecated] I18n.enforce_available_locales will default to true in the future. If you really want to skip validation of your locale you can set I18n.enforce_available_locales = false to avoid this message.</pre>			

History

#1 - 2014-03-01 01:59 - Toshi MARUYAMA

- Status changed from New to Closed
- Resolution set to Fixed

Fixed by [r12366](#).

#2 - 2014-08-23 15:17 - Philip Schiffer

This is not fixed, I'm still getting this warning on 2.5.2.

This is the script which is run by cron

```
#!/bin/bash
cd /opt/redmine
RAILS_ENV="production" rake redmine:email:receive_imap host=<IP> username=<Username> password=<Password>
```

Edit: appears to be a Plugins fault
