

Redmine - Defect #1614

Other text is deleted after marking a section as code and hitting preview.

2008-07-09 22:41 - Trev Copland

Status:	Closed	Start date:	2008-07-09
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:	Cant reproduce		
Description			
Issue: Other text is deleted after marking a section as code and hitting preview.			
Steps:			
- Create new bug			
- Type notes as needed			
- Paste an exception report into the body			
- Click Preview			
- Highlight text of exception and press the "C" button to call it out as being code			
- Click Preview			
When the preview appeared it only had the exception I had just marked as code. My actual notes with steps to reproduce were eaten. No big deal, I just typed them over again but it would have sucked if I was documenting something complicated.			
Notes:			
- Occurred when using Panic's bug tracker (panic.com/hive)			
- Version unknown			
- Marking high priority due to data loss			

History

#1 - 2008-07-19 12:56 - Jean-Philippe Lang

I'm not able to reproduce this problem.
What browser and OS are you using ?

#2 - 2009-12-03 00:29 - Mischa The Evil

- Status changed from New to Closed
- Priority changed from High to Normal
- Resolution set to Cant reproduce

Not able to reproduce on [source/trunk@3118](#) either. Considering the age of this "defect" and the previous failing tries to reproduce the error I close this issue with resolution "cant reproduce".
