

Redmine - Patch #16190

Relax rejections based on Auto-Submitted header

2014-02-27 12:56 - Felix Schäfer

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Email receiving	Estimated time:	0.00 hour
Target version:	2.6.0		
Description			
<p>One of our (Plan.io) uses an email server to forward messages to a Redmine instance which inserts Auto-Submitted: auto-forwarded headers to the forwarded emails. Those emails are then rejected because of source:/trunk/app/models/mail_handler.rb@12937#L69.</p> <p>Putting the fact aside that this header is only part of an IETF draft and not of an RFC, and that even according to that draft it shouldn't be there, this header causes the forwarded emails to be reject. We propose changing the Regex to only match the undesirable values defined in RFC3834, i.e. <code>/^auto-(replied generated)/</code>.</p>

And here is the patch.

#2 - 2014-02-27 13:13 - Holger Just

To cite from [RFC 3834](#)

Recipients of messages containing an Auto-Submitted field with any keyword other than "no" MAY assume that the message was not manually submitted by a human.

Thus, although it may be correct to swallow this email, it makes it much harder for people using kind-of-broken mail servers (like Lotus Domino) which forcefully include the Auto-Submitted: auto-forwarded header into all outgoing mails touched by their forwarding script.

In addition, given that forwarded mails generally are assumed to be valid, we could thus argue that the auto-forwarded mails are not to be dropped.

#3 - 2014-06-13 09:38 - Markus Plutka

+1

Patch verified (and it's trivial anyway), can someone please merge this?

IMHO it's important that we merge such trivial patches right away and not let the contributor wait too long...

I tried the patch in redmine-2.4.5 and worked fine. i'm using Lotus Domino and now the messages are not rejected.

#6 - 2014-07-02 16:43 - Toshi MARUYAMA

- Target version set to 2.6.0

#7 - 2014-07-02 16:49 - Toshi MARUYAMA

- Related to Feature #11338: Exclude emails with auto-submitted => auto-generated added

#8 - 2014-07-02 17:03 - Toshi MARUYAMA

- Related to Defect #15999: Ignoring out of office emails added

#9 - 2014-07-03 05:31 - Toshi MARUYAMA

- Status changed from New to Closed

Committed in trunk [r13205](#), [r13206](#) and [r13207](#), thanks.

#10 - 2015-12-05 18:44 - Toshi MARUYAMA

- Related to Defect #20465: MailHandler: ignoring email with Auto-Submitted:auto-generated header added
