Resolution:			
Description I have redmine 2.4.1, when I upload a file as attachment to a new issue,which file name contains a "+" letter, then redmine will send a email to me to remind the new issue, I open the email and clike the attachment,it comes 404 error, I check the address, it was "+" which change to "%20" which causes links fail. any idea to correct it? thanks BRs Ray
