Description

For some reason, our "Latest News" tab isn't updating with the latest information.

As for now, the tasks up to 20 days ago (thus, 20 days old and prior) are the only ones showing.

Do we need to refresh anything from within the system? It would be helpful to get it going.

Anyone else have an issue with this?

Thanks,
Lee

My apologies,

I've misunderstood the usage of Latest News and Latest Activity.

Apologies.

Thanks.
