Could you describe more precisely what kind of field you are editing ?

#2 - 2014-03-10 16:47 - Johan Guilbaud

i can reproduce bug with editing native field "Priority" and adding private note at same time

#3 - 2014-03-26 10:06 - Johan Guilbaud

no response ?

Is this issue fixed by [#16415](#) ?

#5 - 2014-04-08 11:32 - Johan Guilbaud

No, issue is not fixed by [#16415](#)

problem occurs only if note added is private !
with public note there's only one mail notification

#7 - 2014-04-08 15:47 - Jean-Philippe Lang

- Status changed from New to Needs feedback

Are you just adding a private note? Or do you also update an attribute of the issue?
Could you post the generated emails?

#8 - 2014-04-08 15:50 - Johan Guilbaud

as i said in the issue description, i also update an attribute of the issue

i got a mail for the new private note and another mail for the updated attribute
