

Redmine - Defect #16363

Spent time in list view is not the same as in single ticket view

2014-03-17 03:49 - Maxime Vez

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Time tracking	Estimated time:	0.00 hour
Target version:		Affected version:	2.5.0
Resolution:	Duplicate		
<b>Description</b> I have a project tracker, with multiple child issues inside. We report the time in the child tickets, and it appears on the project ticket as SPENT TIME. But when using the list view, if I display the SPENT TIME column, everything is 0 (see attached pictures).  I think the SPENT TIME column should show the sum of spent time in child tickets (as it is displayed in single mode view).			
<b>Related issues:</b> Is duplicate of Redmine - Feature #11253: Total time spent from subtasks on t... <span>Closed</span>
