Description			
There's wrong information on page http://www.redmine.org/plugins/resource-management-utilization			
It's said:			
Compatible with: Redmine 2.3.x, 2.2.x, 2.1.x, 2.0.x			
However on the site of the developer it's said:			
Extensions work only with Easy Redmine, not default Redmine, it is not sale policy, it is by design			

History

I mean, that the plugin is just not compatible with «Redmine». It requires «Easy Redmine».

#2 - 2014-03-28 11:07 - Etienne Massip

- Status changed from New to Closed

- Resolution set to Invalid

Please contact the plugin author, this tracker is for Redmine core.
