Resolution:	Wont fix			

Description

Last weekend i have found this great tool. But what i miss, is a page for displaying version based screenshots.
Is it possible or not willed ?

Could you add a wiki page for each version and then upload the screenshots to that wiki page?

#2 - 2008-07-24 18:07 - Jean-Philippe Lang

- Status changed from New to Closed

- Resolution set to Wont fix

As Eric said, you can use a wiki page (example here: Features)
