Category:		**Estimated time:**	0.00 hour
Target version:			
Resolution:	Invalid	**Affected version:**	2.5.0

Description

Hello,
when I create a subtask.
It don't get any relation to the parents issue.

It isn't shown under Subtasks on the parent issue.

It is created like a normal issue.

I don't know if this is a defect or I forgot to configure somethin.

Thank You
