Redmine - Patch #16781

Crash in markdown formatter causes ruby process to end

2014-04-30 10:37 - Jens Krämer

Status:	Closed		**Start date:**	
Priority:	Normal		**Due date:**

Category:	Text formatting		**Estimated time:**	0.00 hour
Target version:	2.5.2			

Description

We observed this behavior at [Planio] when invalid markdown syntax was input by the user, which caused an exception in the link callback declared in [source:trunk/lib/redmine/wiki_formatting/markdown/formatter.rb] because content was nil.

This exception seems to make the formatter instance unusable - the next time the formatter was used it crashed the whole ruby process. This seems to be related to [this redcarpet issue].

The patch contains a test case and the (trivial) fix to take care of content==nil in #link.
