Resolution:			
Description hello, i need to add this rule permission to allow <u>watchers</u> will can <u>see</u> and <u>edit</u> issues not assigned to them (so they will haven't 403 error to access). I have no experience in Ruby, but I think that the change could be here: https://github.com/redmine/redmine/blob/master/app/models/issue_query.rb Could give you me a hand? I found a lot of related issues, but this is a problem without solution for the present. Thanks a lot!
