

Redmine - Patch #1685

Bazaar repository browsing

2008-07-27 07:28 - Dmitry Shaposhnik

Status:	Closed	Start date:	2008-07-27
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	SCM	Estimated time:	0.00 hour
Target version:	0.8		

Description

When using Redmine with shared bzd repository (only .bzd dir) repository browser doesn't show any files. It is caused by using 'bzd ls' command without arguments. To show last revision 'bzd ls' should be called with '-r last:1' or '-r -1' param (they are equal).

So here is the patch:

```
