

Redmine - Defect #16926

Custom field referencing deleted value trigger an error on display

2014-05-20 08:21 - nicolas felix

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:	Jean-Philippe Lang	% Done:	0%
Category:	Custom fields	Estimated time:	0.00 hour
Target version:	2.5.2	Affected version:	2.5.0
Resolution:	Fixed		

Description

Hi *Redmine* team !
our *redmine* environment holds more than 14k issues,
we are using it for a while now (about 4 years I think),
I want to thank you for this project !

Here, I am facing to an exception while trying to display a specific issue (Id 11011).
I don't understand why, as it worked a month ago, and we don't change anything on the server (no upgrade, no new plugin).

Here the logs

```
Started GET "/redmine/issues/11011" for 127.0.0.1 at 2014-05-20 08:08:09 +0200
Processing by IssuesController#show as HTML
  Parameters: {"id"=>"11011"}
  Current user: n.felix (id=21)
  Rendered issues/_action_menu.html.erb (93.8ms)
  Rendered issues/show.html.erb within layouts/base (296.9ms)
Completed 500 Internal Server Error in 984.4ms
```

```
ActionView::Template::Error (undefined method `effective_date' for nil:NilClass):
  64:      rows.right 1(:label_spent_time), (@issue.total_spent_hours > 0 ? link_to(1_hours(@issu
e.total_spent_hours), project_issue_time_entries_path(@project, @issue)) : "-"), :class => 'spent-
time'
  65:    end
  66: end %>
  67: <%= render_custom_fields_rows(@issue) %>
  68: <%= call_hook(:view_issues_show_details_bottom, :issue => @issue) %>
  69: </table>
  70:
app/models/version.rb:183:in `<=>'
lib/redmine/field_format.rb:101:in `sort'
lib/redmine/field_format.rb:101:in `cast_value'
lib/redmine/field_format.rb:150:in `formatted_value'

app/controllers/issues_controller.rb:128:in `block (2 levels) in show'
app/controllers/issues_controller.rb:125:in `show'
```

and the configuration

```
Environment:
  Redmine version      2.5.0.stable
  Ruby version         1.9.3-p231 (2012-05-25) [i386-mingw32]
  Rails version        3.2.17
  Environment          production
  Database adapter      Mysql2
```

```
SCM:
  Subversion      1.6.19
  Git             1.8.5.2
  Filesystem
Redmine plugins:
  redmine_theme_changer 0.1.0
```

Have you any idea about the issue source ?

At least, any way to bypass this issue (database update, manual patch...)

Thanks for any help.

Regards,
Nicolas

Associated revisions

Revision 13141 - 2014-05-24 12:12 - Jean-Philippe Lang

Fixed that custom field referencing deleted value trigger an error on display (#16926).

Revision 13163 - 2014-05-24 18:38 - Jean-Philippe Lang

Merged r13141 (#16926).

History

#1 - 2014-05-20 09:52 - Toshi MARUYAMA

- Category set to Custom fields

#2 - 2014-05-20 09:54 - Toshi MARUYAMA

- Target version set to 2.5.2

Thanks to you, Jean-Philippe.

I successfully applied the patch on my 2.5.0 environment.
