

## Redmine - Feature #17077

### fetch\_changesets should use POST method too

2014-06-04 09:30 - Aurélien Patour

<b>Target version:</b>	2.6.0		
<b>Resolution:</b>	Fixed		
<b>Description</b>			
We use fetch_changesets to link Redmine issues with our git commits within another application. Unfortunately, it only uses the POST method - so we had to add it to the redmine code :			
<pre>- match 'sys/fetch_changesets', :to =&gt; 'sys#fetch_changesets', :via =&gt; :get + match 'sys/fetch_changesets', :to =&gt; 'sys#fetch_changesets', :via =&gt; [:get, :post]</pre>			
Could you please add it to a future Redmine version ?			
Thanks !
