Redmine - Feature #17126

Private issue should not to be visible for administrator

2014-06-08 22:13 - Elchin Melikov

Status:	Closed		**Start date:**	
Priority:	Normal		**Due date:**	
Assignee:			**% Done:**	0%
Category:			**Estimated time:**	0.00 hour
Target version:				
Resolution:	Wont fix			

Description

Private issue should not to be visible for administrator or you should be able to configure administrator privileges accordingly.
Can team make this?

History

#1 - 2014-06-12 23:55 - Jan Niggemann (redmine.org team member)

- Status changed from New to Closed

- Resolution set to Wont fix

The administrator of a redmine instance always has full permissions over everything, this isn't feasible...
