Description

{{toc}} does not display as the yellow box but display as the single line of link.

I attached the wiki and html files in html.zip.
I used firefox save page complete mode to save the css and javascript.

Configuration of my system.
- windows as the server
- ruby 1.8.6
- rails 1.2.6
- redmine v0.6.3
- mongrel 1.1.3
- mongrel service 0.3.3
- redcloth 3.0.4
- coderay 0.7.4.215

I also found that code section display correct format but no color.

History

#1 - 2008-01-03 13:16 - Jean-Philippe Lang

The css looks fine but not the html.
A div with 'wiki' class is missing. This div is added in this
view:
http://www.redmine.org/repositories/entry/redmine/trunk/app/views
/wiki/_content.rhtml

Is it a fresh 0.6.3 install or an upgrade ?

#2 - 2008-01-03 19:35 - Praphan Theeravanvilai

It is a fresh 0.6.3 install

#3 - 2008-01-03 19:39 - Praphan Theeravanvilai

I check with my redmine directory,
D:\redmine\app\views\wiki_content.rhtml, had the same
content with the trunk

#4 - 2008-01-04 07:39 - Jean-Philippe Lang

OK, i thought it was on a wiki page but it's on a document
description. Toc is not displayed properly on that view, I'll
fix it.

#5 - 2008-01-04 12:56 - Jean-Philippe Lang

Fix committed in trunk in r1035.
I'll port it to the 0.6 stable branch this week-end.

#6 - 2008-01-04 19:46 - Praphan Theeravanvilai

I download r1039 from trunk, it works now.
Khob Khun Krub (Thanks you in Thai)

#7 - 2008-06-03 21:18 - Guest Test

- Status changed from Closed to Reopened

Im having problems with the Table of Contents element in the wiki...

{{toc}} does not display as the yellow box. It just displays as {{toc}}

i.e. {{toc}}1. Support Tickets handling using RT.

I have the following setup:
Rails 2.0.2
ruby 1.8.6
redmine-0.7.1

Please advice,

Luis

#8 - 2008-06-15 12:22 - Jean-Philippe Lang

- Status changed from Reopened to Closed

Please attach the exact original text where the toc is not rendered so I can reproduce this problem.
