History

- #1 - 2014-07-24 06:35 - Toshi MARUYAMA
- Category changed from Issues workflow to Issues
- #2 - 2018-05-30 12:10 - Dmitry Repkin
This issue still present and little annoying, because in case of mistake we need to create new task and copy/paste and refill all the necessary fields.
- #3 - 2018-05-31 07:14 - Go MAEDA
- Related to Feature #12704: Allow selecting subprojects on new issue form added
- #4 - 2018-05-31 07:18 - Go MAEDA
In upcoming Redmine 4.0.0, you will be able to select subprojects on new_issue page. Please see [#12704](#) for details.
- #5 - 2019-04-28 11:23 - Go MAEDA
- Status changed from New to Closed
- Resolution set to Fixed

Implemented by [#12704](#) (Redmine 4.0.0).
