History

#1 - 2008-08-03 09:19 - Chris Miller

- Target version changed from 0.7.3 to 0.8

Since this is a new feature it should be included in the next major release, not in a bugfix release.

#2 - 2008-08-13 15:36 - Thomas Lecavelier

- Target version deleted (0.8)

The target version field has to be set when it will **actually** part of the target release.

#3 - 2015-12-30 06:28 - Go MAEDA

- Status changed from New to Closed

- Resolution set to Wont fix

"Latest projects" was removed by [r14877](#) ([#21148](#)).
